

# Scuttlebutt

THE SOLDIERS POINT MARINA NEWSLETTER

Winter 2014

## - Celebrating our - 60th Birthday

We are very proud to be celebrating the Marina's 60th birthday this year. Soldiers Point couldn't always lay claim to being the more sedate end of the Tomaree Peninsula and actually has an interesting history.

Originally known as Friendship Point, the area name was later changed owing to a small garrison of soldiers which was established there in 1826 to intercept convict escapees making their way across the narrow stretch of water to the settlement further south.

Fast forward over a century and the original Thonwhalla wharf was built in 1948, with the boatshed built and completed in 1954 for Fred Hansen (who later became NSW Police Commissioner).

A succession of owners followed over the years, each adding more to the existing infrastructure.

In 2000 the marina was purchased by Clippers Anchorage who have totally rebuilt both the floating marina and refurbished the land facilities to make it into the world class facility we have today.

## Comments from a Satisfied Customer:

"Upon arriving at Soldiers Point Marina, where storage of my beloved boat was to take place, I was greeted with an unexpected degree of friendliness and professionalism. The marina's manager (Darrell Barnett) promptly showed me where my boat was to be stored in a secure fenced area with a key for unlimited access. Facilities such as hoses, power etc was also shown to us as well as a tour of the marina's extensive facilities.

This beautiful facility is located on the western side of Soldiers Point out of the prevailing winds (which at the time were quite strong some days) meaning calm conditions in which to berth, have a quite drink etc.

I would truly recommend Soldiers Point and if you have a boat regardless of what size consider the Soldiers Point Marina. You won't be disappointed, I wasn't".

Stuart Just

Mooroolbark, Victoria Australia.

## COAST MASSAGE

Lauren Harley is very quickly gaining a highly respected reputation for being one of the best remedial and stone massage therapists in the area, with clients coming to see her from near and far. Lauren has a number of specials on winter treatments from her hot stone massages, to remedial massage to relaxation massage.

### What is Hot Stone Massage?

A speciality massage where the therapist uses smooth, heated basalt stones as an extension of their hands in combination with regular massage strokes. The heat can be deeply relaxing and help to warm and release tight muscles allowing the therapist to work the muscles without applying deep pressure. The warmth of the stones improves circulation and lymphatic drainage and calms the nervous system.

### WINTER HOURS:

Mon: closed  
Tues: 9.30am-2.30pm  
Wed: closed  
Thur: 9.30am-2.30pm  
5pm-8pm

Fri: 9.30am-6pm  
Sat: 8am-4pm  
Sun: by appointment

## SCULPTURE CREATES Great Interest at Marina

Chain Link Sculpture

It's great to see the interest taken by our customers and the general public that visit the marina, in our new stunning stainless steel sculptures created by Queensland based welder Mike Van Dam.

The Chain sculpture weighing 240kg, is made up of 950 metres of chain with 47,500 links and was completed in

approximately 450hrs. The sculpture is displayed alongside the chess tables on Sunset Beach adjacent to the marina. Created in 2013, the 240 kg sculpture received the Peer Award by fellow contributors in the exclusive 2013 Swell Sculpture Festival on the Gold Coast. Mike commented "This award meant more to me than any other as it was voted by my peers in my first exhibition. The level of interest is because of the material I use, so I also loved watching and listening to people's reactions to my work" he said.

## NAMING COMPETITION:

We're looking for some interesting/funny/clever names for our new chain link sculpture, and would love to hear your creative suggestions, with the winner chosen by Marina Manager Darrell Barnett.

First prize is a weekend in the beautiful Flagship Golf Villa located at Horizons Golf Resort, Salamander Bay.

Please email your suggestions to [db@soldiersptmarina.com](mailto:db@soldiersptmarina.com)

# OUR FUTURES Are Our Children

## Marina Donates a Further \$60,000 to Support Local Students

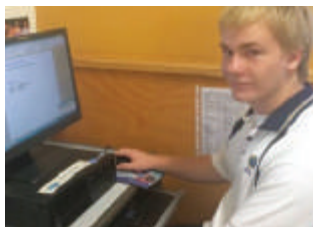

Soldiers Point Marina is very proud to announce the continuation of sponsorship for Year 10 students from Tomaree High School and St Philips Christian College on the Tomaree Peninsula involved in the Real Futures Program. Support of \$60,000 including student scholarships and another three year commitment to the Real Futures Program ensures our local students are gaining an employment advantage and assists them to make an easier transition from school to the workplace.

"The funding supports many strategies currently in place such as Ready for Work Programs, Industry Workshops and Work Experience to enable students to gain as much hands on experience as possible before entering the work force" said Marina Manager Darrell Barnett.

Pictured from left: Peter Partridge Principal Tomaree High School, Darrell Barnett Marina General Manager, Bob Westbury Vice Chairman Real Futures Foundation, Tim Pettersen Principal St Philips Christian College

For further information please visit [www.realfutures.com.au](http://www.realfutures.com.au)

Pictured top, Barry Ryan from Bayview, Matthew & Darrell Barnett, below Kye Boyton

## Funding Gives a Head Start

### Matthew Alley

Former St Philips Christian College student Matthew Alley is one of two recipients of the Real Futures Vocational Awards sponsored by Soldiers Point Marina. Matthew left school last year when he secured an apprenticeship with Bayview Wardrobes and Shower Screens at Taylors Beach. The \$250 grant will come in handy as Matthew has to travel to TAFE in Sydney every five weeks. Matthew got a taste of his new job when he worked there during his Work Experience whilst still at school.

### Kye Boyton

Tomaree High student Kye Boyton also received a Vocational Award. After becoming involved in the Real Futures Mentoring program, Kye gained work experience at Leading Edge Computers, with the employers so impressed they offered him a School Based Traineeship in Information Technology. Kye also attended the Careers Expo and excursions to TAFE and Newcastle University. These excursions motivated Kye to stay at school, complete his HSC and gain a qualification in IT simultaneously.

## MARINE RESCUE Port Stephens

Marine Rescue Port Stephens, manned by volunteers, has been in operation for over 30 years. Their mission is to provide an effective 24 hour Marine Radio and Search and Rescue response to the boating community in accordance with State and National policy.

The Radio Base is a state of the art facility and monitors VHF, HF and 27MHz radio frequencies and has vessel monitoring, reporting and tracking capabilities, including the detection of AIS. In addition to coordinating rescues and assists, the Radio Base provides on request local weather and other information relating to safe boating in the Port Stephens area to the boating public.

Marine Rescue Port Stephens, has two life boats, one for high speed in shore assistance, and one capable of all-weather off shore assistance. These area vessel are also available 24/7, and at short notice.

If you are interested in becoming a member of Marine Rescue Port Stephens, please contact the base for more information.

## THE DECK CAFE/WATERFRONT BAR

WELCOME TO THE THIRD GENERATION

There must be something in their amazing Mediterranean food, as over the past few years the Pappas family have welcomed and introduced a new generation of chefs to the Deck Café and Waterfront Bar.

Two years ago baby Scarlett was born, the first grandchild for Nick and Lisa and more recently Bambos and Maria welcomed birth of their twin grandsons George and Mario, brothers to 12 months old Marilena!

Huge congrats to both sets of grandparents!

Everyone knows about the famous "Greek Nights" at The Deck with live music and platters upon platters of food so don't forget to put your name down for the next one to ensure a spot for this fabulous feast.

## KAYAK AND PADDLEBOARD STORAGE

You can be in the water in a matter of minutes after collecting your kayak or paddleboard from our new storage area located right on the docks at the Marina.

Places for the standup paddleboards are at a premium so please contact the marina office to secure your booking.

## SAILTIME

THE AFFORDABLE WAY TO SAIL...

John and Tracey of Salamander Bay had wanted to own their own boat but it never seemed an option due to the cost... until they came across SailTime Port Stephens. For an induction

fee and a modest monthly fee they received a Gold membership which allows them to sail on board a luxury Jeanneau 38 foot yacht six times a month. We love this arrangement, no mooring fees, no fuel costs, no ongoing maintenance and no insurance, we just walk on and off we go" said John.

Tracey added "we go to the website and use an online scheduler, pack some food and supplies and go exploring for the day. Neither of us had done much sailing before but Phil spent time showing us the ropes, ensuring we were confident before sailing by ourselves". "We often take our family out with us for the day as we have all the mod cons" she said.

*New Members Welcome*

For more information and the opportunity for a trial sail today call us on 0409 708 054.

[www.sailtimeaustralia.com.au](http://www.sailtimeaustralia.com.au)

## E.C.L.A.T. CLUB EXCHANGE PROGRAM

Permanent guests of Runaway Bay, Soldiers Point, Empire Marina Bobbin Head and Gladesville Bridge marinas, can now participate in an exciting new reciprocal exchange program with complimentary club membership in the East Coast Luxury Aquatic Travellers Club – E.C.L.A.T.

E.C.L.A.T club membership allows permanent guests at these marinas to reciprocal berthing at the other premier award winning marinas, at no extra cost.

Guests decide which marina they would like to visit and when, simply contact the marina manager where they are permanent guest and all the arrangements will be made for them. It's that easy.

[www.eclatclub.com.au](http://www.eclatclub.com.au)

# THE MYALL LAKES

Permanent long time marina guests Matt Ruwald and his wife Rosie have spent a considerable amount of time with family, friends and by themselves over the years, exploring and enjoying the beautiful Myall Lakes– a leisurely 4 hour motor from Soldiers Point Marina.

The extensive waterways of the Myall Lakes system offer an excellent range of boating opportunities. When full, the Myall Lakes covers an area of around 5,800 hectares of coastal brackish waterways, located within the Myall Lakes National Park. The waterway is made up of 3 major lakes, the Myall Lake, the Boolambayte Lake and the Broadwater. The 3 lakes are connected by the “narrows” and are all fully navigable. The lake system is recognised internationally with the National Park being listed as a RAMSAR Wetland.

“We love coming up here to enjoy the peace and tranquillity and often we are the only boat here” said Matt. We kayak and bushwalk and enjoy all the wildlife, including 266 species of birds, dingos, wallabies, koalas, pelicans, goannas and possums.

“There is something for everyone up here however it is advisable to bring all your supplies with you and to ensure you have enough fuel for the return trip as supplies are limited whilst at the Lakes” he said.

Fishing is a wonderful relaxing pastime and the Myall Lakes offer a number of eatable species with summer the best time to enjoy (bream, whiting, Australian salmon, flathead and mullet), however it is important to note that

parts of these waters are protected as part of the Port Stephens - Great Lakes Marine Park. Please check at [www.mpa.nsw.gov.au/psglmp.html](http://www.mpa.nsw.gov.au/psglmp.html) to ensure you only fish in the appropriate location.

For those with smaller boats, large and smaller campgrounds are plentiful thus allowing you to bring your boat in and tie it to a tree whilst onshore. A mobile sewage barge funded by the Waterways Authority of NSW operates on the lake system and is free to private boat owners. A wharf-based sewage pump out facility is located at Bombah Point and is also free.

Boats with a draft of more than one metre should travel at high tide, which is about 2.5 hours after Fort Denison. Aim to be 30 minutes upstream from Tea Gardens at the top of the tide. While the Myall River is marked with navigational lights and markers, it is recommended to travel during daylight hours.

## VIEW YOUR BOAT 24/7

The Soldiers Point Marina Live Berth View camera is an innovative service that allows marina customers to view their boat at the marina from a 360 degree view web camera overlooking the marina.

When you login, the camera pans and tilts automatically to your berth or mooring so you can watch your boat live from your computer at home or the office.

The Live Berth View camera has been developed to protect the privacy of all visitors and customers of the marina. This is done by restricting the controls available so that the user can only zoom in and out of their boats position. Live Berth View also requires a username and password to login.

*Boat owner Jenni Keddie found the camera very reassuring and helpful during a recent storm...“it was good to be able to log on and check our boat during the storm and see it was safe” she said. Jenni also added “I gave my children in Melbourne the login password to look at the boat and they caught us having cocktails on the deck – I might just have to change the password to keep our privacy” she said.*

## THE POINT RESTAURANT SPECIALISING IN YOUR BIG EVENT

Paul and Julie Simpson sure know how to hold a party – engagement, wedding, 21sts, christenings, special family events and everything in between. With their award winning function menus, an ideal location looking out over the marina and a very experienced and knowledgeable hostess in Julie – you are in very safe hands.

*Testimonials: “Everything was absolutely perfect! We couldn’t be happier with the venue, staff, food and your service. We couldn’t have asked for anything more. Everyone loved it!.. What wonderful staff you have!” Alexander and Rosanna*

*“Everyone raved about the food, and the service from everyone there on Sunday night was 5 star”, Rob and Tam Renfrey*

## ABC – AUSTRALIAN BOAT COMPANY

### BOAT BROKERAGE

#### Comments from a Happy Customer:

"It was a big decision for us to buy a bigger boat but Peter really helped us – he was very easy and honest to work with and couldn't have been more helpful. He showed us every aspect of the boat and gave us a true indication of what the costs could be over the coming years.

We will certainly recommend him to our friends. Plus he is a helluva a nice guy."
